WEEKLY REPUBLICAN-1867 DAILY PUBLIC LEDGER-1892

MAYSVILLE, KY., SATURDAY, JANUARY 24, 1903.

Nainsooks, Cambries, Swisses are the foundations. And they are fine—not uneven, not coarse, not loaded or sized with starch. These are matched sets, including full and demi-full floundings, allovers, edgings and insertings in all widths, beadings, galloons and motifs that may be separated. There are delicate effects in tuckings, and French embroidery plain or combined with lace. There are elaborate designs in demi-flouncings for skirt ruffles and corset covers both in blind and open-work effects. St. Gall hand-run shuttles do all the work. Margins are wide, scallops are buttonhofed and deep, strong and cut out. The same patterns running through several widths are

and cut out. The same patterns running through several widths are appreciated by women of fastidious taste. Prices mean little apart

from the goods. Come here and SEE what values you can get in edges and insertions for 5c, 10c, 15c. In allovers for 50c, 75c. In elaborate

crowning joy of hood is motherhood and the crowning joy of hood is to have healthy

children. But there can be no joy in motherhood without health, and without health for the mother there can be no health for the child.

It is of vital importance for women to know that the health of mother and child is in general entirely within woman's control. The thousands of women who have used Dr. Pierce's Favorite Prescription when expecting motherhood, have testified that it made them healthy and happy in the days of waiting, made the baby's advent practically painless, and gave them health to give their chil-

Mrs. W. J. Kidder, of Hill Dale Farm (Enosburg Center), Enosburg, Vt., writes: "During the past year I found myself expecting maternity, and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. Took twelve bottles of Doctor Pierce's Favorite Prescription, and also followed your instructions. I began to improve immediately, my health became excellent, and I could do all my own work (we live on a good sized farm). I walked and rode all I could, and enjoyed it. I had a short, easy confinement and have a healthy baby boy."

Take KODOL for Dyspepsia

Sour Stomach Tired Stomach Weak Stomach **Puffed Stomach Nervous Stomach** Gas on Stomach Catarrh of the Stomach and all other symptoms of

Indigestion

Douglasville, Ga., May 17, 1902,
I have been traveling for nearly two years
and have suffered very badly from indigestion
and dyspepsia. I tried several physicians and
all kinds of patent medicines, but Kodol is the
first and only remedy that has done me any
good whatever; now I have only used two
small bottles and to my surprise it has cured
me sound and well.—B. W. WATTERN.

Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach. It is caused by indigestion.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and

dyspepsia, but the truth is exactly the opposite. First comes slight indigestion, then repeated attacks of indigestion, and if something is not done the symptoms mentioned on the left follow in about the order named. Some of these symptoms may not be experienced, while heartburn, headache, constipation and many others may be, but chronic dyspepsia and finally Catarrh of the Stomach is certain to be the result if the proper treatment is not resorted to. KODOL. relieves inflammation of the mucous membranes lining the

stomach, protects the nerves, and enables the glands to secrete the natural juices of digestion. Its use enables the stomach and digestive organs to transform all of the wholesome food that may be eaten into the kind of rich, red blood that makes health, strength, tissue, brain, brawn and bone. "Kodol Digests What You Eat"

of the X-Ray, establish it as a fact that Catarrh of the Stomach is not a disease in itself, but that it is a condition resulting from repeated attacks of indigestion. The stomach and alimentary

canal, or digestive tract, is lined or coated with a mucous membrane. Studding the surface of this mucous membrane are the gastric glands. Here, also, are the terminal branches of the pneumogastric nerves, and many branches from the sympa-
